## For the Garage Environment

**WorkSpace garage cabinets**, offered exclusively on GarageCabinets.com, feature powder-coated door and drawer fronts. Powder coating finishes are seamless, so they're not affected by changes in humidity or temperature. The semi-glossy finish requires no upkeep (other than occasional cleaning) and will keep its good looks indefinitely. It's truly meant to last!

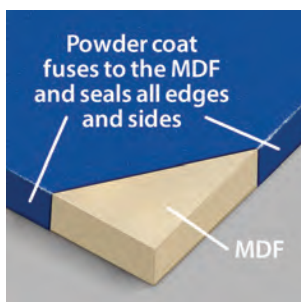

### Why do we powder coat?

Powder coating is one of the longest lasting and durable finishes available, but until recently powder coating was used only on metal. We have perfected (and patented) a process of applying powder coating on MDF (high density fiberboard) that is as durable as metal, looks just as good, is less expensive and is perfect for home use.

We powder coat everything in-house, so we have full control over the quality and consistency of the finish. All doors and drawer fronts are powder coated in the same batch to ensure a perfect match. And since we don't wait for outside vendors, you'll get your cabinets quicker.

*Powder coating creates a finish that is seamless, stain, scratch and UV resistant, and is superior to paint, plastic or laminates. And it looks great!*

*Powder coating on MDF is an environmentally friendly process, and does not require a solvent and contains no heavy metals or VOCs.*

## WorkSpace Garage Cabinet Color Choices

**WorkSpace garage cabinets** are available in 48 attractive mix-and-match color combinations. So you're sure to find something to satisfy your taste and decor.

Cabinet doors and drawer fronts are made of high quality MDF and are available in 12 attractive powder-coated colors. Cabinet boxes and shelves are made from 3/4 inch M2 industrial-grade melamine and are available in four colors. You can choose the box and door color combination that works best for you!

*Mix door and box colors to suit your personal taste.*

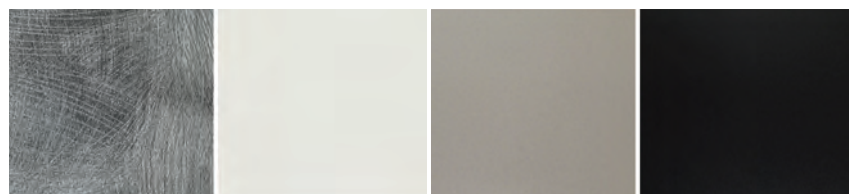

## Powder-Coated Finishes for Doors / Drawer Fronts

**Top Row:** Burgundy, Pewter, Blue, Black, Dove Gray and White

**Bottom Row:** Red, Platinum, Folkstone, Orange, Earthstone and Sandstone

## Cabinet Melamine Box Colors

**Melamine colors:** Pewter Brush, White, Gray and Black

## Quality Construction and Hardware

**WorkSpace garage cabinets** are built using quality materials and construction throughout. Cabinet boxes are made from 3/4 inch industrial grade melamine and use locking dowels and cams for strength and ease of assembly. Drawer boxes are built from 9-ply Baltic birch plywood and feature superior dovetail construction.

All our hardware has been selected for use in the garage environment, and carries a Lifetime Warranty. Heavy duty full-extension ball bearing drawer glides are used for durability and easy access to every corner of your drawers. And attractive 8-inch brushed nickel door handles (in brushed chrome, black or oil-rubbed bronze finishes) resist rust and corrosion.

Everything has been selected for durability and long life. These are cabinets you'll never be afraid to use!

## WorkSpace Hardware and Construction Features

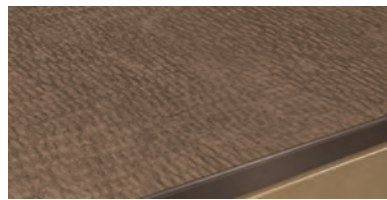

- 9-ply birch drawer boxes with dovetail construction...quality to last as long as your cabinets
- Full extension drawer glides rated at 100 lb. capacity allow you to reach every part of your drawers
- Heavy-duty 6-way adjustable Euro hinges for easy, accurate adjustment
- Soft close hinges and drawer slides are available
- 8 inch brushed chrome door handles resist corrosion (also available in black or oil rubbed bonze)
- Adjustable shelves in 1-1/4 inch increments to optimize storage space
- Adjustable leveler legs keep cabinets off the floor and away from water and spills
- Locking dowel and cam design for easy assembly
- Lifetime Warranty on hardware
- 10-year Warranty on cabinets and drawers

## Durable Work Surfaces

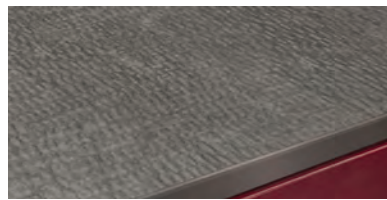

### Beautiful Butcher Block

Our durable solid Maple Butcher Block countertops are constructed from hardwood maple and sealed with a clear protective coating. They're great for hobbies, gardening, or light everyday use (such as household repairs or maintenance).

*Windswept Bronze*

*Windswept Pewter*

### Commercial Laminate

Commercial-grade laminate tops are perfect for everyday use. They feature a smooth scratch-resistant matte surface and a solid color PVC edging. 1-1/4 inch tops include a thick backer, creating an extremely stable top. Choice of two colors – Windswept Bronze and Windswept Pewter.

### Industrial-Grade Coating

Need a workbench top that will stand up to heavy use? Our Impact Coating countertop combines polyurethane and polyurea (the same stuff used on truck beds) to produce an extremely tough and durable chemical resistant coating with great impact resistance.

Other DIY garage cabinets are limited to one-size-fits-all. But with our **WorkSpace DESIGN to FIT** garage cabinets and our free **Online Design tool** you have almost unlimited solutions.

## Fit any space, any need!

With our **DESIGN to FIT** garage cabinets you can choose the sizes for ALL your cabinets (height, width, depth) to fit any space and need. And with many cabinet types and colors you'll find something that's perfect for your needs and tastes. Add countertops, slatwall and overhead storage to complete your perfect custom solution.

## DIY Installation

Our garage cabinets are designed with the Do-It-Yourself homeowner in mind. If you've ever assembled an entertainment center or shelving units you have the skills necessary to install **WorkSpace garage cabinets**. All you need is time, a couple of basic tools, and you're ready to go.

Complete detailed installation instructions will be included with your garage cabinet order. If you need more information we have videos available online for you to view. And if you get in a bind, or have other questions, we're always available to help.

## 10-Year Warranty on Cabinets

**WorkSpace garage cabinets** are warranted for 10 years from the date of purchase when properly installed and maintained, and in the possession of the original owner. We will repair or replace defective products or defects in material or workmanship. Covered items include cabinet doors, cabinet boxes, and work surfaces.

Minor scratches, dents, nicks and scuffs are normal wear and are not covered. Deliberate or excessive abuse is not covered.

## Lifetime Warranty on Hardware

The hardware used on **WorkSpace garage cabinets** carries a lifetime warranty when properly installed and maintained, and in the possession of the original owner. We will repair or replace defective parts or defects in material or workmanship. Covered items include pulls, hinges, levelers and drawer glides.

Minor scratches, dents, nicks and scuffs are normal wear and are not covered. Deliberate or excessive abuse is not covered.

## Turn Your Walls Into Great Storage

Free up cluttered floor space with HandiWALL™ slatwall panels. These garage wall organizers are great for keeping everything from garden equipment to toys to bicycles off your floor. As need grows, panels can be added.

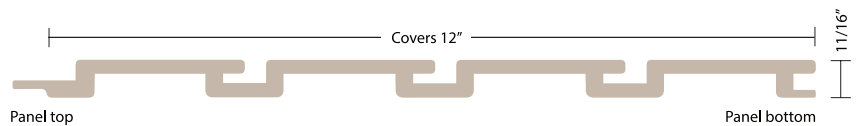

Once you get all your gear organized and off the garage floor, you will be surprised at how much extra space you have, and how much easier it is to find what you are looking for.

HandiWALL™ slatwall features heavy-duty interlocking panels of a blended cellular PVC material and is 100% recyclable. The panel material is solid color, so it will not fade or wear off over time. Waterproof, mold and mildew resistant, HandiWALL™ will last a lifetime.

Slatwall panels are 12 inches high and 80 inches long, and can be trimmed to any length. Slatwall is available in a 5-piece package covering 33.3 square feet. Matching color screws and installation instructions are included. Trim moulding for ends, corners and seams is available.

### Slatwall Panel and Trim

### Slatwall Panel Colors

White    Antique White    Taupe    Gray    Silver    Graphite    Black    Maple    Beachwood    Driftwood

## Slatwall Accessories and Kits

We offer a huge selection of versatile hanging accessories for your garage slatwall. Choose from bins, hooks, shelves and more. Our accessories have been recently redesigned to include a 'slide to lock' feature that locks your accessories in place so they'll never accidentally come loose.

As your needs change, add more accessories or simply rearrange the accessories you have. Whether it's for your home, office, or commercial space, these slatwall accessories will continue to provide you with an enduring, functional, and beautiful storage solution for years to come.

### Slatwall Accessory Kits

Overwhelmed by all the choices? Purchase a complete kit that has all you need in one configuration. Whether you want to store sports gear, gardening equipment, toys, or just need general storage, we have a kit to help.

### Slide to Lock Feature

Select HandiWALL hooks and accessories now include a new 'slide-to-lock' feature.

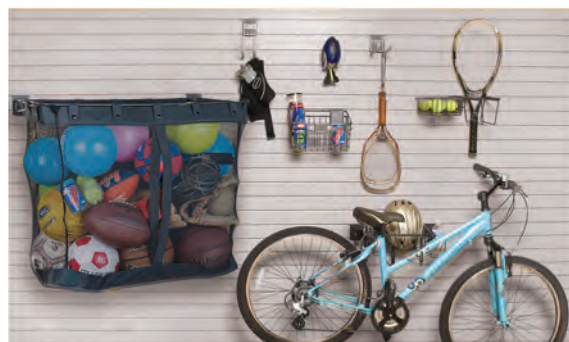

Simply slide the lock button up and your accessory will stay secure until you decide to remove it.

# Additional Storage Options

## Overhead Storage Racks

Overhead garage storage racks are a great way to make use of the space beneath your garage ceiling.

Ceiling racks steel with a durable white finish, and feature adjustable heights to suit your needs.

Available in 2' x 8' and 4' x 8' sizes to fit your needs.

## Tire Storage Racks

Wall mounted storage racks store auto, truck and recreational tires. Storing tires vertically on racks reduces stress and tire distortion.

**Adjustable racks** store tires of various sizes. **Folding racks** folds up against the wall when not in use. Heavy-duty tubular steel construction mounts directly to wall studs to support up to 400 lbs.

Adjustable tire rack

Folding tire rack

# Buy Direct from the Manufacturer

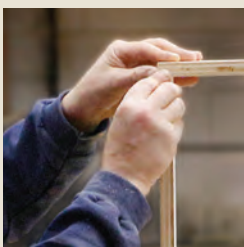

## Factory-Direct Value

When you buy from **GarageCabinets.com**, you're dealing directly with the manufacturer. No middleman. No sales people. No retail pricing! We don't just sell products, we provide service before and after the sale.

To ensure you have the garage you've always wanted, our FREE Online Design tool will allow you to design your cabinets yourself (or let us do it). Try doing that at your local big-box store.

We manufacture **WorkSpace garage cabinets** ourselves, so we control the product, the quality, and the cost, and pass the savings on to you. And since we build the product, your cabinets will be custom built to your specifications. No off-the-shelf solutions!

So before you buy from a big-box store, ask yourself if you're choosing the product, the quality, and the service, to ensure your new garage makeover will be exactly what you want, and last a long time!

State-of-the-art manufacturing with an "old fashioned" touch.

## Greenberg Casework Company

Greenberg Casework Company is a small, family-owned business located in Northern Illinois. We've been building custom cabinetry, casework and store fixtures since 1985. We pride ourselves on attention to detail, quality workmanship, and keeping our customers' needs first and foremost. We treat every project like its our only project.

Our team of highly skilled employees will be focused on your project from the time we take your order to the time it leaves our loading dock. Since everything is manufactured in-house using state-of-the-art equipment and an old-fashioned work ethic we can ensure your cabinets are perfect and completed on time. Your project is always our main concern.
